

Everyone should be informed of the facts of COVID 19.  
**We are all in this together.**

Eating garlic prevents  
COVID-19.

There is no evidence that  
eating garlic protects  
people from getting  
COVID-19.

We protect each other by: practicing physical distancing, staying at home (if you don't feel well)

Frequent handwashing  
with soap for at least 20  
seconds

Wearing a cloth covering  
over our nose and mouth  
in public places

Coughing or sneezing  
into your elbow

Practice physical  
distancing by maintaining  
1 metre distance  
between you and others

Avoid touching your  
eyes, nose and mouth

Stay at home if  
you feel sick
